PROBLEM STATEMENT 39: SECOND-HAND ESCROW MARKET PLACE

BUG TRACKING

BUG1

Add parent / BBPS39-1

1

Buyer payment is not locked in escrow

+

...

≡

Key details

Description

Steps to Reproduce:

1. Open the Second-Hand Product Escrow Marketplace.

2. Log in as a buyer.

3. Select a product.

4. Place an order.

5. Proceed to payment.

6. Complete the payment process.

7. Check the payment status after placing the order.

Expected Result:

The buyer's payment should be locked in escrow after the order is placed and should remain in escrow until the product has been inspected and the transaction is ready for release.

Actual Result:

The buyer's payment is not locked in escrow and is not correctly held until the inspection and verification process is completed.

BUG 2

Add parent / BBPS39-2

1

Inspection report submitted without photographic evidence

Key details

Description

Steps to Reproduce:

1. Open the Second-Hand Product Escrow Marketplace.

2. Log in as an inspection agent.

3. Open an order requiring inspection.

4. Create an inspection report.

5. Enter the inspection result.

6. Submit the inspection report without uploading photographic evidence.

Expected Result:

The system should require photographic evidence before allowing the inspection report to be submitted.

Actual Result:

The system allows the inspection report to be submitted without the required photographic evidence.

BUG 3

Add parent / BBPS39-3

1

2. Log in as a buyer.

3. Open an order that has completed inspection.

4. Wait until the 48-hour decision period has expired.

5. Attempt to approve or reject the item.

Expected Result:

The system should prevent the buyer from approving or rejecting the item after the 48-hour decision period has expired.

Actual Result:

The buyer is still able to approve or reject the item after the 48-hour decision period.

BUG 4

Add parent / BBPS39-4

2. Log in as a buyer.

3. Open an active order.

4. Raise a dispute for the order.

5. Check the escrow transaction status after the dispute is submitted.

6. Attempt to release or access the escrow funds.

Expected Result:

The escrow funds should be frozen immediately after a dispute is raised and should remain frozen while the dispute is investigated.

Actual Result:

The escrow funds are not frozen after the dispute is raised and remain available for release or access.

BUG 5

Add parent / BBPS39-5

1

Withdrawal is allowed during active dispute

+

...

→

Key details

Description

Steps to Reproduce:

1. Open the Second-Hand Product Escrow Marketplace.

2. Log in to an account involved in a disputed transaction.

3. Raise a dispute for an active order.

4. Open the withdrawal option while the dispute is under investigation.

5. Attempt to withdraw the funds.

Expected Result:

The system should prevent withdrawals while the dispute is active and under investigation.

Actual Result:

The system allows the withdrawal to proceed even though the dispute is still active.
